### Full job description

#### Your new company

You will be working for a leading infrastructure services company which operates across Australia and New Zealand.

#### Your new role

As a Site Supervisor your main responsibility will be to oversee the excavation operations on a Defence site. This is a permanent, full-time role based in Darwin.

Your key responsibilities will be:

- Manage the team and oversee all activity on site to maximise site production and execute the defined work within program and budget constraints.
- Ensure that the Tradesmen and Subcontractors follow the operations schedule and program and that their work meets quality requirements.
- Proactively resolve on-site issues.
- Report to management regarding on-site activity and prepare regular scheduling reports.

#### What you'll need to succeed

To be successful in this role you will have:

- Significant previous experience in Site Supervisor roles in the Civil construction industry.
- Demonstrated stakeholder and planning/scheduling skills to ensure the safe and cost-efficient delivery of work within the given program and timeframe.
- Strong project management skills, knowledge of Civil regulations and OHS.
- Excellent problem-solving skills, strong attention to details and the ability to communicate with a variety of people.

#### What you'll get in return

You will join a highly skilled team in one of the leading companies in the sector and participate in a large-scale Defence project based in Darwin. Competitive salary package on offer.
